An understanding team.

Commercial Rent Recovery & Forfeitures

For landlords, or those acting on their behalf, non-paying commercial tenants soon move from being a source of frustration to a serious business threat for those reliant on this income.

Wilson & Roe can assist in the recovery of commercial rent owed or act to forfeit a commercial lease and help the landlord to regain possession of a property.

Every case is considered on an individual basis, and with sensitivity, whilst working towards the end goal of recovering money owed as soon as possible. Where a cash settlement cannot be achieved, we have the power and ability to value, take control, store and dispose of goods in order to recover sums due.

Choosing Wilson & Roe to act on your instruction puts you in safe hands. Our responsive team are experts in the field and will handle your case quickly, effectively and with the utmost discretion.

Possession Orders

Where a situation has gone beyond the need to collect arrears, we work with clients who have secured Possession Orders. We recognise the problems and costs these cases bring, as well as the time and money that has been invested in trying to re-gain control of their property.

We enforce Possession Orders by way of obtaining a Writ of Possession on our client's instruction.

With the Writ of Possession in place, our experienced and knowledgeable team has authority to enter property or land and take the required steps to gain vacant possession.

The need for speed and transparency of service is paramount to our clients. That's why we offer direct access and support from our High Court Enforcement Officers who work closely with our field-based enforcement agents to achieve the fastest resolution to the situation.
